

The Archive of History and Art-The War Archive is delighted to invite you, not only as participants but also as co-presenters in its «small monthly» presentation:

School days: personal photos together with their attached stories and memories

On Saturday 12 Dec. 2020 at

19.00 Athens' time

Through, as always, with Zoom

This meeting-presentation plans to touch on the years that have left their marks on all of us and with experiences touching the whole spectrum: of making the first friends, the first «romantic engagements» as well as the memories of the teachers with whom we shared so many years. The presentation will be in Greek, but for those of you more comfortable in English, there will be available simultaneous translation !

The presenter, Andrew Freris, will set the good example with photos and memories of his first year at elementary school on 1951 where his mother was his teacher !
